

The following list has been compiled over a long period by Burnie Field Naturalist Club members, especially Margaret Kinsey, with some additions from a list from the National Parks and Wildlife Service.

See also *The Vegetation of Rocky Cape National Park*, by Sib Corbett & Jayne Balmer, Records of the Queen Victoria Museum Launceston, no. 112 2003.

* Because of the recent separation of these species into a number of separate species, these listed names may need checking.

FERNS

ASPLENIACEAE

*Asplenium flabellifolium**Asplenium obtusatum*

BLECHNACEAE

*Blechnum minus**Blechnum nudum**Blechnum wattsii*

CYATHEACEAE

Cyathea australis

DENNSTAEDTIACEAE

*Histiopteris incisa**Hypolepis rugulosa**Pteridium esculentum*

DICKSONIACEAE

Dicksonia antarctica

DRYOPTERIDACEAE

*Polystichum proliferum**Rumohra adiantiformis*

GLEICHENIACEAE

*Gleichenia dicarpa**Gleichenia microphylla*

LINDSAEACEAE

Lindsaea linearis

LYCOPODIACEAE

*Huperzia varia**Lycopodiella lateralis**Lycopodiella serpentina**Lycopodium deuterodensum*

OSMUNDACEAE

Todea barbara

POLYPODIACEAE

Microsorium pustulatum

PSILOTACEAE

Tmesipteris obliqua

SCHIZAEACEAE

Schizaea fistulosa

SELAGINELLACEAE

*Selaginella uliginosa***MONOCOTYLEDONS**

CENTROLEPIDACEAE

Centrolepis strigosa

CYPERACEAE

*Baumea acuta**Baumea tetragona**Carex appressa**Ficinia nodosa**Gahnia filum**Gahnia grandis**Gahnia sieberiana**Gymnoschoenus sphaerocephalus**Isolepis cernua**Isolepis fluitans**Lepidosperma concavum**Lepidosperma elatius**Lepidosperma filiforme**Lepidosperma gladiatum**Schoenus lepidosperma* subsp.*lepidosperma**Schoenus nitens**Schoenus turbinatus*

IRIDACEAE

Crocosmia ×crocosmiiflora

i

*Patersonia fragilis**Patersonia occidentalis*

JUNCACEAE

*Juncus kraussii**Juncus pallidus**Juncus planifolius**Luzula campestris*

i

JUNCAGINACEAE*Triglochin procera*

LILIACEAE

- Allium triquetrum* i
- Asphodelus fistulosus* i
- Blandfordia punicea* e
- Caesia parviflora* *
- Chamaescilla corymbosa*
- Dianella revoluta*
- Dianella tasmanica*
- Drymophila cyanocarpa*
- Hypoxis* sp.
- Laxmannia orientalis*
- Thelionema caespitosum*
- Thysanotus patersonii*

ORCHIDACEAE

*
Check *Orchids of Tasmania & Tasmanian Vascular Plants Census*; there have been re-allocations as well as name changes.

- Acianthus caudatus*
- Acianthus pusillus*
- Burnettia cuneata*
- Caladenia catenata*
- Caladenia caudata*
- Caladenia dilatata*
- Caladenia echidnachila*
- Caladenia latifolia*
- Caladenia patersonii*
- Caleana major*
- Calochilus herbaceus*
- Calochilus paludosus*
- Calochilus robertsonii*
- Chiloglottis reflexa*
- Corybas aconitiflorus*
- Corybas diemenicus*
- Corybas unguiculatus*
- Cryptostylis subulata*
- Cyrtostylis reniformis*
- Dipodium roseum*
- Diuris orientis*
- Eriochilus cucullatus*
- Gastrodia sesamoides*
- Genoplesium brachystachyum*
- Glossodia major*
- Leptoceras menziesii*
- Microtis unifolia*
- Prasophyllum australe*
- Prasophyllum elatum*
- Prasophyllum fuscum* *
- Prasophyllum gracile* *
- Pterostylis longifolia* *
- Pterostylis nana*

- Pterostylis nutans*
- Pterostylis parviflora*
- Pterostylis pedaglossa*
- Pterostylis pedunculata*
- Pterostylis plumosa*
- Pyrorchis nigricans*
- Thelymitra aristata*
- Thelymitra azurea*
- Thelymitra carnea*
- Thelymitra cyanea*
- Thelymitra flexuosa*
- Thelymitra ixioides*
- Thelymitra nuda*
- Thelymitra pauciflora*
- Thelymitra rubra*
- Thelymitra ×truncata*

POACEAE

- Amphibromus recurvatus*
- Austrofestuca littoralis*
- Austrostipa flavescens*
- Austrostipa stipoides*
- Dactylis glomerata* i
- Deyeuxia densa*
- Deyeuxia quadriseta*
- Deyeuxia scaberula*
- Dichelachne crinita*
- Distichlis distichophylla*
- Hemarthria uncinata*
- Holcus lanatus* i
- Lachnagrostis filiformis*
- Phragmites australis*
- Poa annua* i
- Poa poiformis*
- Rytidosperma caespitosa*
- Rytidosperma penicillata*
- Rytidosperma pilosa*
- Tetrarrhena acuminata*
- Tetrarrhena distichophylla*

RESTIONACEAE

- Baloskion tetraphyllum*
- Chordifex monocephalus* e
- Empodisma minus*
- Eurychorda complanata*
- Hypolaena fastigiata*
- Leptocarpus tenax*

XANTHORRHOEACEAE

- Lomandra longifolia*
- Xanthorrhoea australis*

XYRIDACEAE

- Xyris marginata* e
- Xyris muelleri* e
- Xyris operculata*
- Xyris tasmanica* e

DICOTYLEDONS

AIZOACEAE

- Carpobrotus rossii*
- Disphyma crassifolium* subsp. *clavellatum*
- Tetragonia implexicoma*

APIACEAE

- Apium prostratum*
- Centella cordifolia*
- Daucus glochidiatus*
- Hydrocotyle hirta*
- Hydrocotyle muscosa*
- Trachymene composita* var. *composita*
- Xanthosia dissecta*
- Xanthosia ternifolia* *
- Xanthosia huegelii*
- Xanthosia tridentata*

APOCYNACEAE

- Alyxia buxifolia*

ASTERACEAE

- Actites megalocarpus*
- Argentipallium dealbatum*
- Cassinia aculeata*
- Chrysocephalum apiculatum*
- Cotula australis*
- Delairea odorata* i
- Euchiton involucratus*
- Gamochaeta purpurea*
- Helichrysum lutealbum*
- Lagenophora stipitata*
- Leptinella reptans*
- Leptorhynchos* sp.
- Leucophyta brownii*
- Olearia argophylla*
- Olearia lepidophylla*
- Olearia lirata*
- Olearia ramulosa*
- Olearia stellulata*
- Onopordum acanthium* i
- Ozothamnus ferrugineus*
- Ozothamnus rosmarinifolius*
- Senecio hispidulus* *
- Senecio pinnatifolius* var. *pinnatifolius* *
- Senecio linearifolius*

Senecio minimus

Xerochrysum bicolor

BRASSICACEAE

Cardamine gunnii

CALLITRICHACEAE

Callitriche sp.

CAMPANULACEAE

- Lobelia anceps*
- Lobelia pedunculata*
- Wahlenbergia gracilentia*
- Wahlenbergia gracilis*

CAPRIFOLIACEAE

Sambucus gaudichaudiana

CARYOPHYLLACEAE

- Colobanthus apetalus* var. *apetalus*
- Sagina maritima* i
- Stellaria* sp.

CASUARINACEAE

- Allocasuarina monilifera* e
- Allocasuarina zephyrea* e

CHENOPODIACEAE

- Atriplex billardiarei* t
- Atriplex cinerea*
- Rhagodia candolleana* subsp. *candolleana*
- Sarcocornia quinqueflora*

CONVOLVULACEAE

- Convolvulus angustissimus*
- Dichondra repens*

CRASSULACEAE

- Crassula decumbens*
- Crassula sieberiana*

CUNONIACEAE

- Bauera rubioides*
- (*Bauera rubioides* var. *microphylla*)

DILLENACEAE

- Hibbertia acicularis*
- Hibbertia procumbens*
- Hibbertia prostrata*
- Hibbertia sericea*

DROSERACEAE

Drosera auriculata
Drosera binata
Drosera macrantha
Drosera peltata
Drosera pygmaea
Drosera spatulata

EPACRIDACEAE

Acrotriche serrulata
Astroloma humifusum
Brachyloma ciliatum
Epacris impressa
Epacris lanuginosa
Epacris obtusifolia
Leptecophylla juniperina subsp. *juniperina*
Leucopogon australis
Leucopogon collinus
Leucopogon ericoides
Leucopogon parviflorus
Leucopogon virgatus
Monotoca glauca
Sprengelia incarnata
Styphelia adscendens

ERICACEAE

Gaultheria hispida

EUPHORBIACEAE

Amperea xiphoclada
Phyllanthus gunnii
Poranthera microphylla

FABACEAE

Almaleea subumbellata
Aotus ericoides
Bossiaea cinerea
Bossiaea cordigera
Bossiaea prostrata
Daviesia ulicifolia
Dillwynia cinerascens
Dillwynia glaberrima
Dillwynia sericea
Glycine clandestina
Gompholobium huegelii
Goodia lotifolia
Indigofera australis
Kennedia prostrata
Lotus australis
Phyllota diffusa
Platylobium obtusangulum
Platylobium triangulate

Pultenaea daphnoides
Pultenaea dentata
Pultenaea gunnii subsp. *gunnii*
Pultenaea tenuifolia
Sphaerolobium minus
Ulex europaeus

i

GENTIANACEAE

Schenkia australis

GERANIACEAE

Geranium solanderi
Pelargonium australe

GOODENIACEAE

Goodenia geniculata
Goodenia ovata
Scaevola hookeri
Selliera radicans

HALORAGACEAE

Gonocarpus micranthus subsp. *micranthus*
Gonocarpus tetragynus
Gonocarpus teucrioides

LAMIACEAE

Ajuga australis

LAURACEAE

Cassytha glabella
Cassytha melantha
Cassytha pubescens

LENTIBULARIACEAE

Utricularia dichotoma
Utricularia lateriflora

LINACEAE

Linum marginale

LOGANIACEAE

Mitrasacme pilosa var. *pilosa*
Mitrasacme pilosa var. *stuartii*

MENYANTHACEAE

Ornduffia reniformis

MIMOSACEAE

Acacia longifolia subsp. *sophorae*
Acacia melanoxylon
Acacia mucronata subsp. *dependens*
Acacia mucronata subsp. *mucronata*
Acacia myrtifolia
Acacia stricta
Acacia suaveolens

e

e

Acacia terminalis
Acacia ulicifolia
Acacia verticillata subsp. *ruscifolia*
Acacia verticillata subsp. *verticillata*
Acacia verticillata subsp. *ovoidea*

MONIMIACEAE

Atherosperma moschatum subsp. *moschatum*

MYOPORACEAE

Myoporum insulare

MYRTACEAE

Baeckea leptocaulis e
Calytrix tetragona
Eucalyptus nitida e
Eucalyptus obliqua
Eucalyptus ovata
Euryomyrtus ramosissima
Leptospermum glaucescens e
Leptospermum lanigerum
Leptospermum nitidum e
Leptospermum scoparium
Melaleuca ericifolia
Melaleuca gibbosa
Melaleuca squamea
Melaleuca squarrosa

OLEACEAE

Ligustrum vulgare i
Notelaea ligustrina

ONAGRACEAE

Epilobium billardierianum

OXALIDACEAE

Oxalis corniculata subsp. *corniculata* i

PITTOSPORACEAE

Billardiera macrantha
Billardiera ovalis e
Bursaria spinosa
Rhytidosporum procumbens

PLANTAGINACEAE

Plantago coronopus i
Plantago lanceolata i
Plantago varia

PLUMBAGINACEAE

Limonium australe

POLYGALACEAE

Comesperma calymega
Comesperma retusum
Comesperma volubile

PORTULACACEAE

Calandrinia calyptrata

PRIMULACEAE

Lysimachia arvensis i
Samolus repens

PROTEACEAE

Banksia marginata
Banksia serrata
Hakea decurrens subsp. *physocarpa*
Lomatia tinctoria e
Persoonia juniperina

RANUNCULACEAE

Clematis microphylla

RHAMNACEAE

Pomaderris apetala subsp. *maritima*
Pomaderris elliptica *
Pomaderris pilifera
Spyridium parvifolium var. *parvifolium*

ROSACEAE

Acaena novae-zelandiae
Acaena ovina
Rosa rubiginosa i
Rubus blackberry spp. i
Rubus parvifolius

RUBIACEAE

Coprosma hirtella
Coprosma quadrifida
Coprosma repens i
Galium australe
Opercularia varia

RUTACEAE

Boronia anemonifolia
Boronia nana
Boronia parviflora
Boronia pilosa subsp. *pilosa*
Correa alba var. *alba*
Correa backhouseana var. *backhouseana*
Nematolepis squamea subsp. *squamea*
Philotheca virgata
Zieria arborescens

SANTALACEAE

Exocarpos cupressiformis

Leptomeria drupacea

SCROPHULARIACEAE

Mazus pumilio

Parentucellia viscosa

Veronica derwentiana subsp. *derwentiana*

Veronica gracilis

SOLANACEAE

Solanum laciniatum

Solanum sp. - (deadly night shade?) i

STACKHOUSIACEAE

Stackhousia monogyna

Stackhousia spathulata

STERCULIACEAE

Lasiopetalum baueri

Lasiopetalum macrophyllum

STYLIDIACEAE

Stylidium graminifolium

THYMELAEACEAE

Pimelea humilis

Pimelea linifolia

i
TREMADRACEAE

Tetratea ciliata

Tetratea pilosa

URTICACEAE

Australina pusilla

VIOLACEAE

Viola hederacea *

Burnie Field Naturalists Club, Margaret Kinsey, Dick Burns
